Immunisation Catch Up Schedule Enquiry

When faxing a non urgent Immunisation Catch up enquiry, please attach the following details to support your enquiry.

- Patient's name and D.O.B
- Medicare Number
- Copy of the Immunisation Record from any of the following:
 - Child Health Record;
 - Immunisation History from clinical software;
 - Immunisation History form;
 - Patient paper based progress notes;
 - Immunisation History from the ACIR Secure site

Please complete the following details

Contact Name.....

Name of Practice.....

Contact Phone number.....

Practice Fax number.....

Nature of enquiry.....

Please tick if the patient has any of the following conditions:

- Anaphylaxis to any vaccine or one of its components (that would mean the vaccine is contraindicated),
- Impaired immunity due to disease or treatment (see Chapter 2.3 of the 9th Immunisation Handbook, Groups with special vaccination requirements),
- Identifying as an Aboriginal or Torres Strait Islander (see Chapter 2.1 of the 9th Immunisation Handbook, Vaccination for Aboriginal and Torres Strait Islander people),
- Children with an underlying medical risk condition which predisposes them to invasive pneumococcal disease (see Chapter 3.15 of the 9th Immunisation Handbook , Pneumococcal disease),
- A reliable history of previous varicella infection (therefore varicella vaccine not required), and
- Babies born at <32 weeks gestation (who may require Hib and hepatitis B vaccine catch-up).
