

Planning your practice's activities

The Quality Prescribing Initiative (QPI) 1 May 2009 to 30 April 2010

National Prescribing Service Limited

Estimated number of QPI activities required for the year ▼

Record estimated number of activities required

Please use this planner to map out QPI activities that your practice will participate in (base this on the number of activities required in the last QPI year, May 2008 to April 2009). This will assist you in monitoring your practice's QPI activity needs to qualify for QPI payment.

QPI activity type	Available activities	Date available	Practice participating? (Yes/No)	Participating doctors	Date completed and sent to NPS
Case studies*	Antibiotics for upper respiratory tract infection (title TBC)	June 2009
